

Goal Setting for PMO Teams... with OKRs

John McIntyre, HotPMO

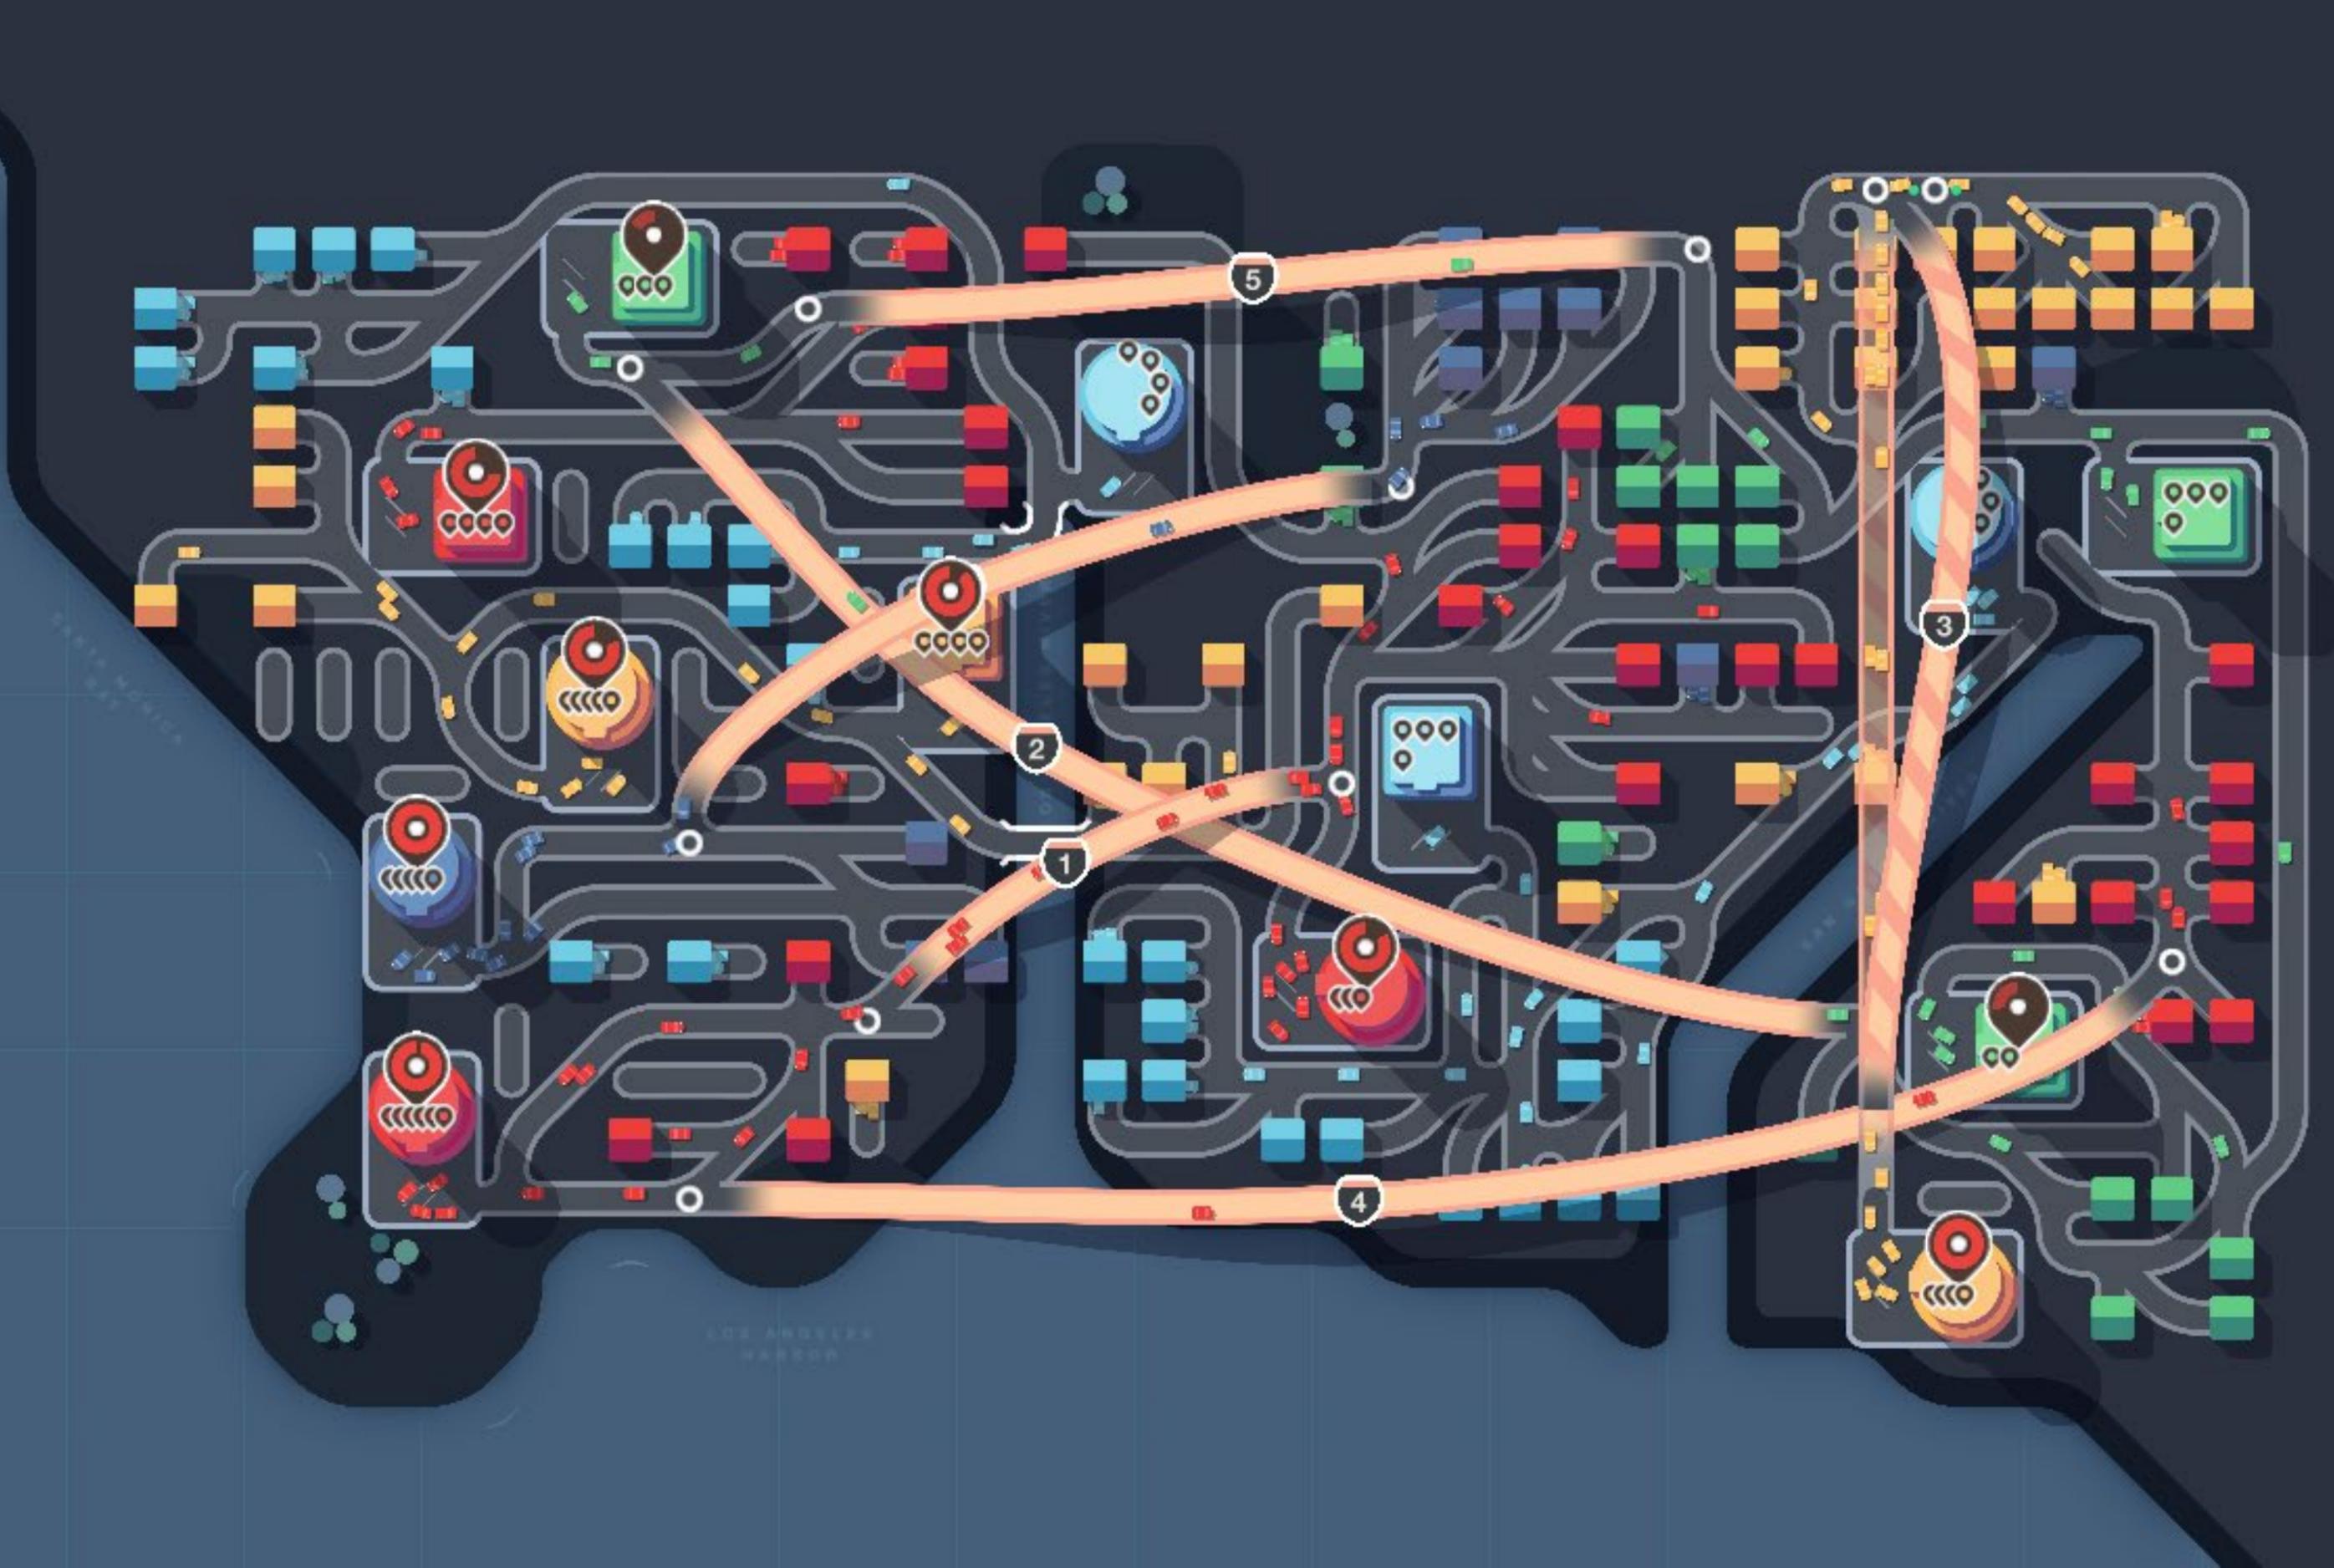

Sharper, Faster, Smarter

HOTPMO

We all know how to measure projects, but how do we measure whether the PMO is meeting the needs of the organization?

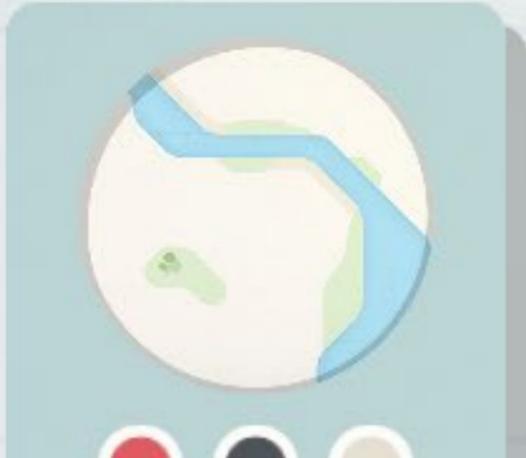

- 
1. What OKRs are
 2. How OKRs can be used to align and accelerate PMO Performance

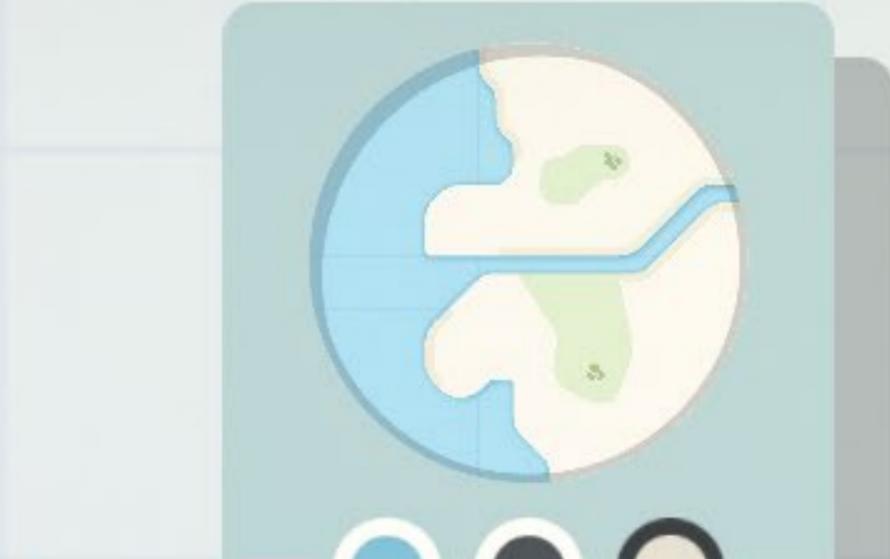

Zürich
Best: 1470

to join the
the growing
capital.

Zürich
Best: 1300

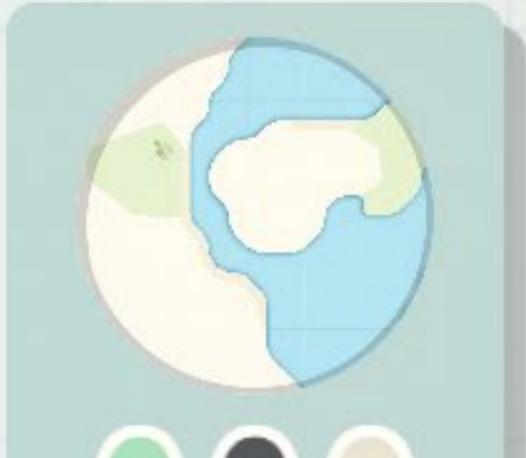

Tunnel through mountains
and bridge the Limmat
river to keep Zürich
moving.

Manila
Best: 2059

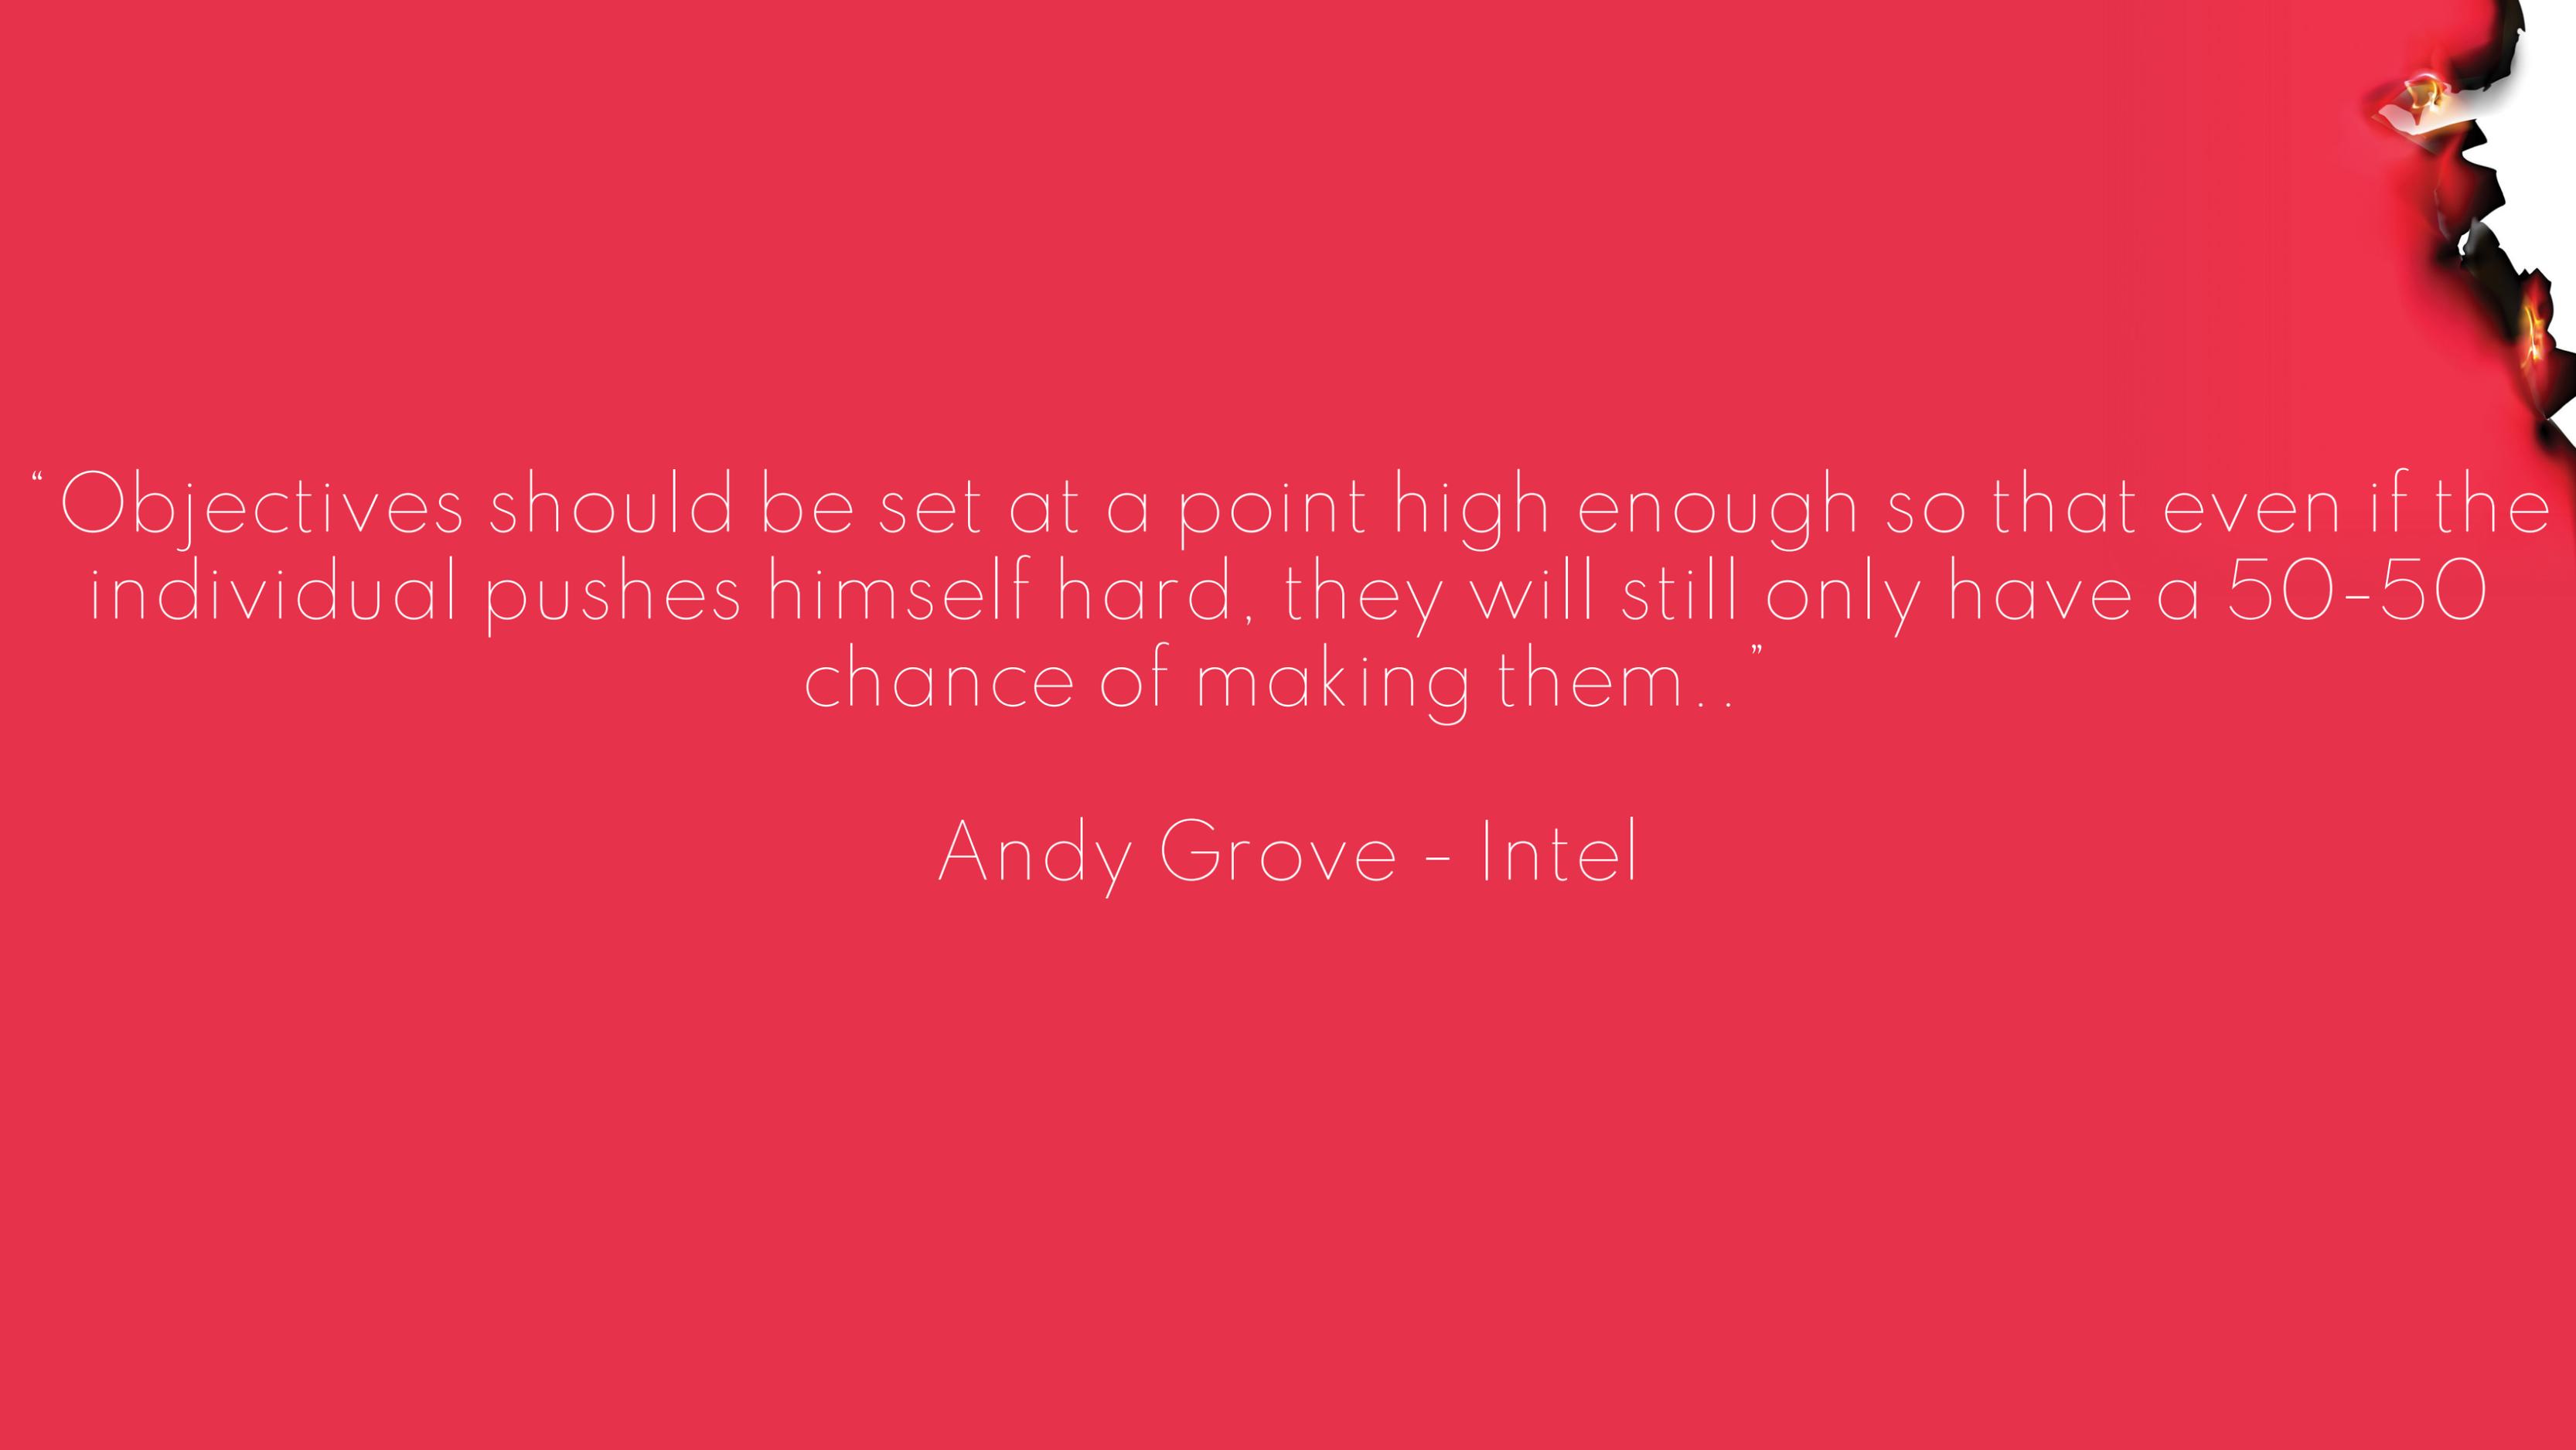

Tame the roads of Manila,
the most densely
populated city in the world.

Rio de Janeiro
Best: 2017

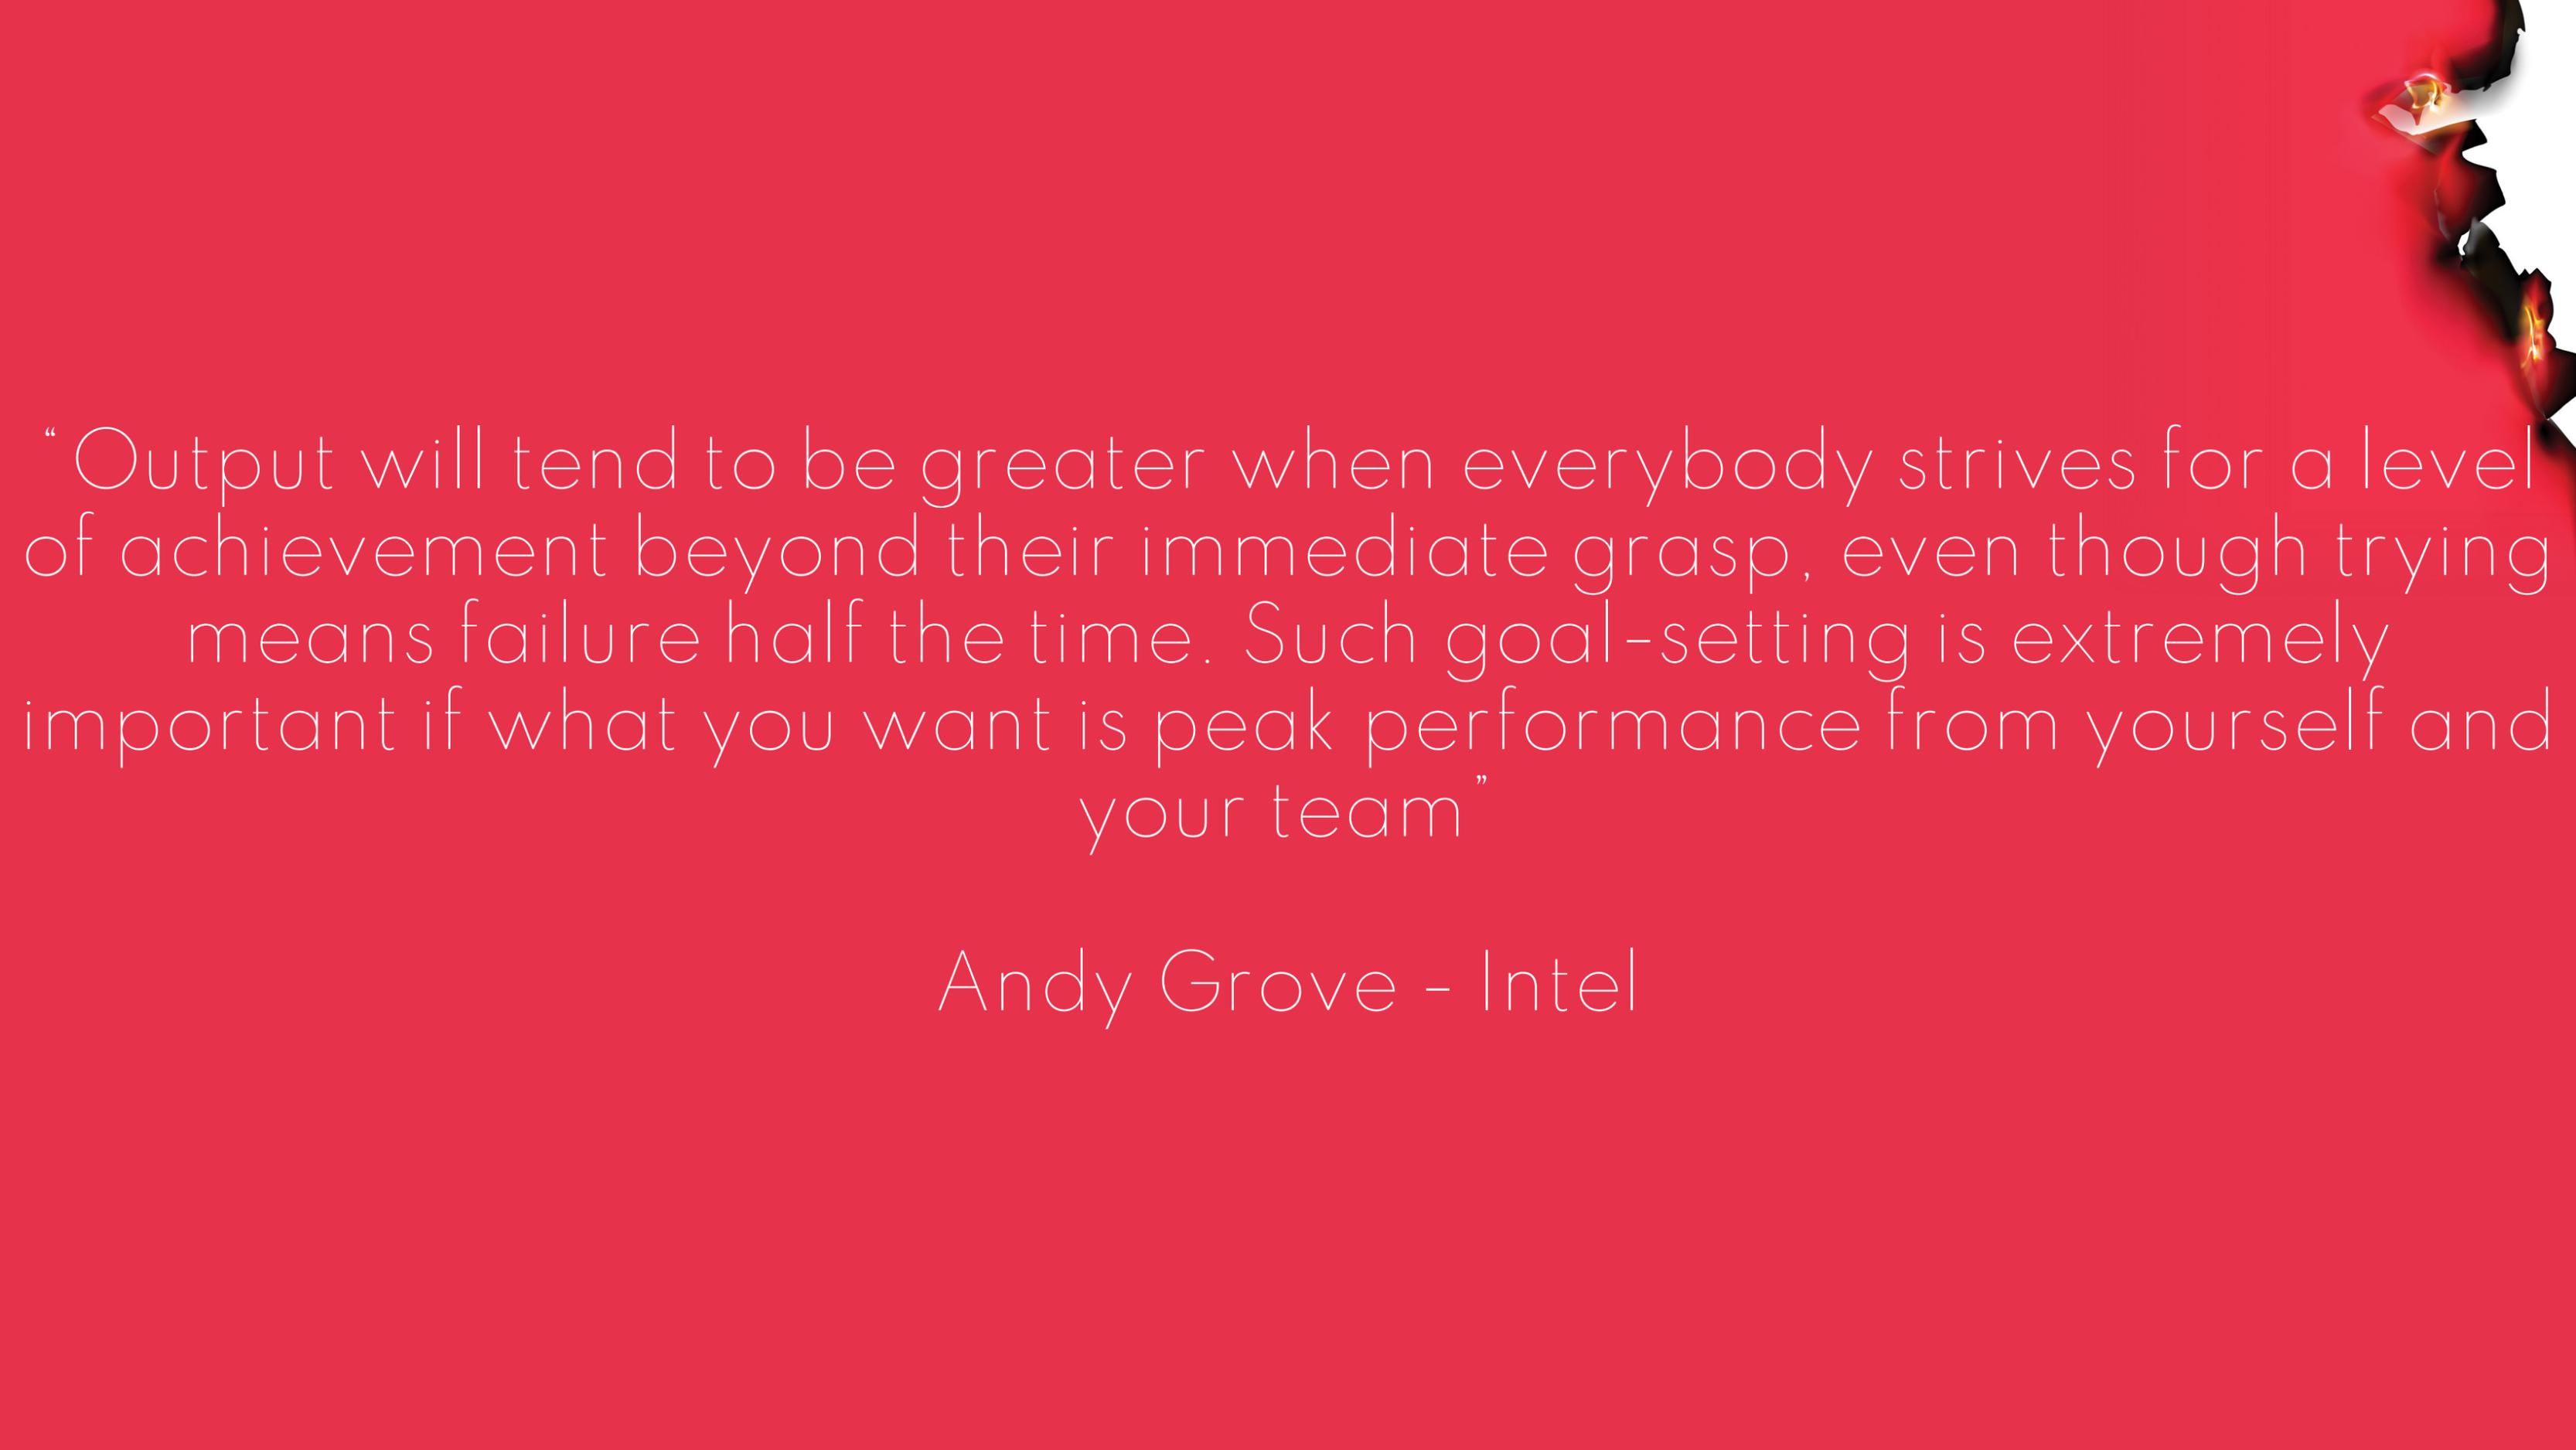

Thread your roads
between mountains and
sea in vibrant Rio de
Janeiro.

“Objectives should be set at a point high enough so that even if the individual pushes himself hard, they will still only have a 50-50 chance of making them..”

Andy Grove - Intel

“Output will tend to be greater when everybody strives for a level of achievement beyond their immediate grasp, even though trying means failure half the time. Such goal-setting is extremely important if what you want is peak performance from yourself and your team”

Andy Grove - Intel

Clear line of sight where we are going

Deceptively Easy
(like Agile)

Thin Slices of
value over
milestones

You won't hit your
goals every time,
and that's okay.

Data flows two
ways.

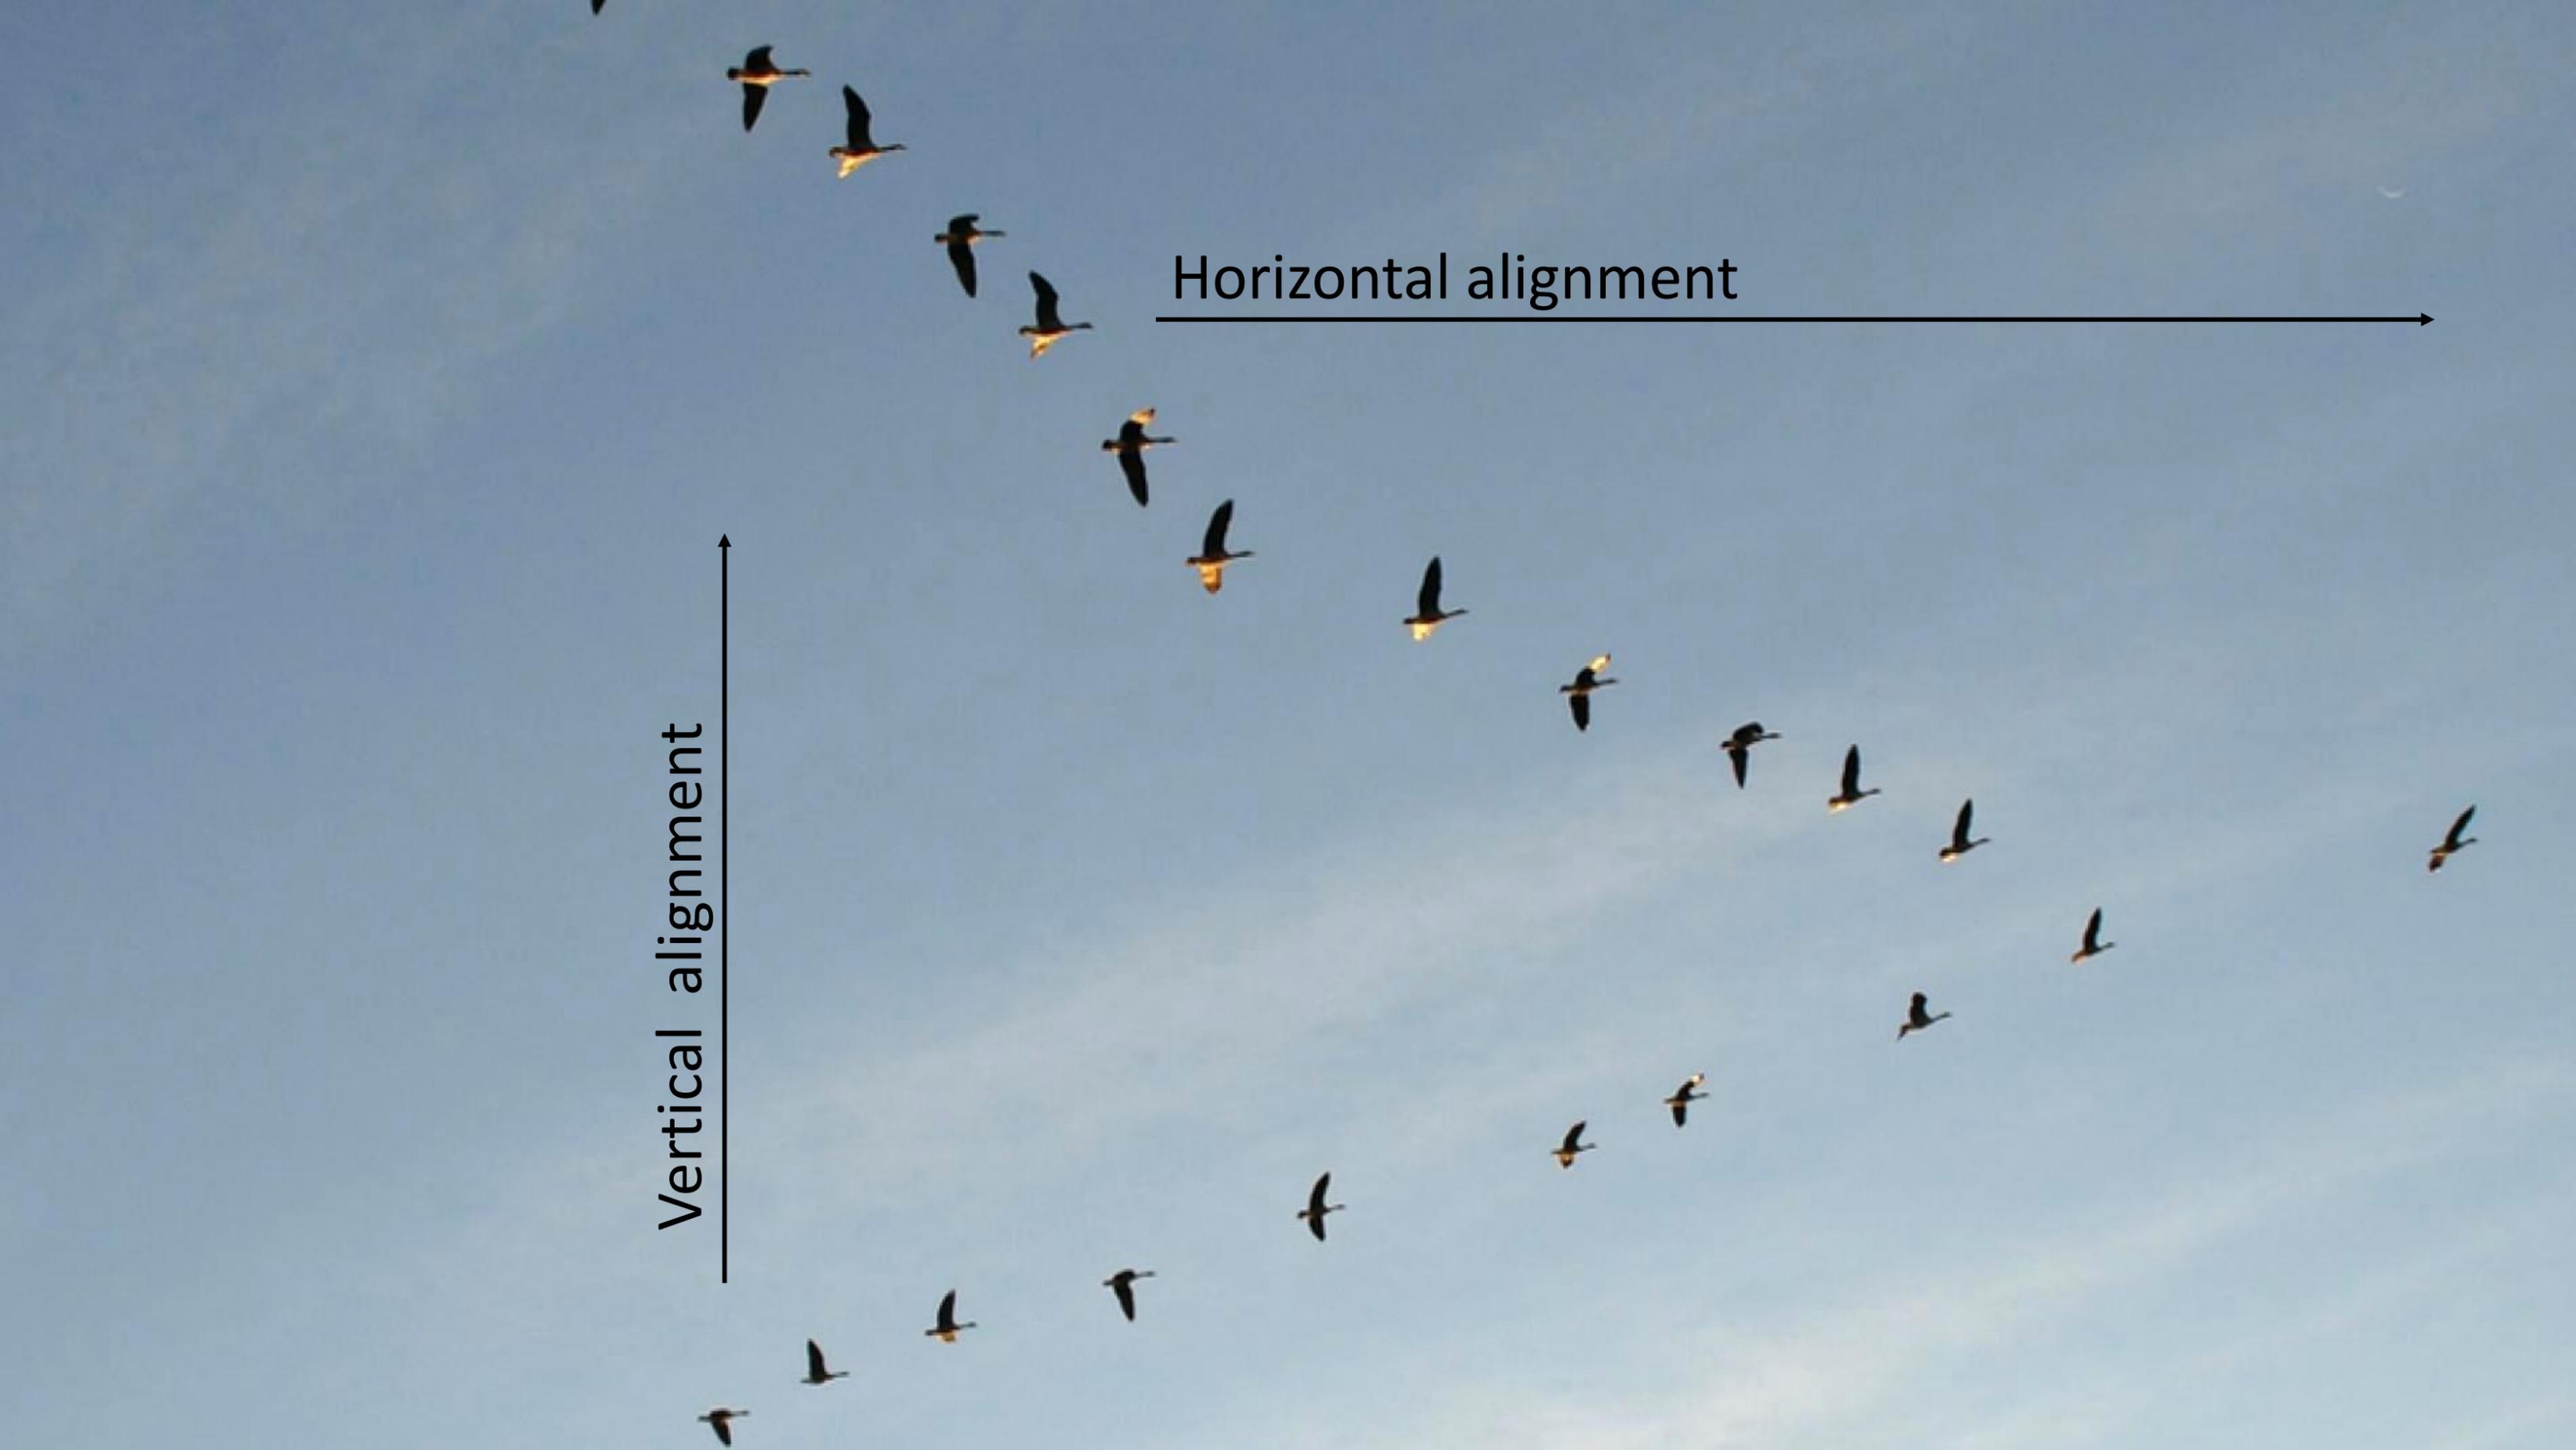

- 
1. What OKRs are
 2. How OKRs can be used to align and accelerate PMO Performance

Let me tell you a secret:
Nobody in the business cares about
your PMO Metrics

Second Breakout session:

Which of your business objectives can your PMO move dials on?

Leadership with OKRs

1. Spark intrinsic motivation
2. Maximise your people
3. Progress-driven goals = Continuous improvement
4. Employees to define their own aligned goals
